Canada & New England from New York aboard the Norwegian Gem

Saturday, September 30, 2017 - Saturday October 7, 2017

Sail from the city that never sleeps and head to Halifax, a harbour town that moves at its own pace. Here you can climb to The Citadel to view the Old Town Clock. Bar Harbour will give you a chance to watch humpback, finback and minke whales emerge gracefully from the water. And when you're in Portland, don't leave without seeing one of the picturesque lighthouses or eating some mouthwatering lobster. These are must-dos in Portland - everything else is icing on the cake (or rather butter on the lobster).
